ERATOSTHENES EXPERIMENT

THE EXPERIMENT GALLERY

Join Eratosthenes Photo Contest!

Take a photo of the experiment, the work behind it or of those involved in the experiment, submit it to the Eratosthenes Photo Contest, and win a scholarship* to attend the STEMMOS Summer School 2026 and/or the book “Learning Astronomy through Inquiry”.

* Due to financial rule limitations (sponsorship from EU projects), the winning prize is for EU teachers only. For teachers outside Europe, the winning prize (postal costs included) will be an astronomy book, titled “Learning Astronomy through Inquiry”.

Teachers from all over the world, that register on our site, are eligible to take part in the photo contest. The deadline for submitting your photo is the **12th of April 2026**.

A committee of experts from Ellinogermaniki Agogi will select the winner, on the 14th of April 2026.

The contest in 6 steps:

1. Become a member of the **GEO-Academy portal**: portal.geoacademy.eu (Register).
2. Once in the portal click on the **Geo-Hubs tab**.
3. Enter the *Eratosthenes Experiment* group and click on **Join**.
4. Within the group go to the **Discussions** area.
5. Click on the **Write New Post** link that will take you to a form.
6. Complete the form, select the Eratosthenes group (bottom of form) and **upload** your photo.

VISIT THE OFFICIAL WEBSITE

The theme of the contest is the Eratosthenes Experiment. Take a photo of the experiment or the work behind it or a creative snapshot.

Minimal manipulation of digital images, such as cropping, and small adjustments to brightness, color, color balance, and/or sharpness, is permitted.

Each participant teacher must submit only one photo. In another case, participation in the Photo Contest will not be accepted.

In case your photo includes images of minors, please make sure you have obtained a signed consent by their legal guardians. Each country follows its procedures on the matter, so please consult with the relevant authorities.

Only teachers** from registered schools that have submitted their data can take part. The prize*** for the Eratosthenes Experiment Photo Contest is a place in the 2026 STEMMOS 6-day Summer School in Marathon, Greece with all the costs (traveling, accommodation, catering, and fees) covered by the relevant scholarship.

*** Due to financial rule limitations (sponsorship from EU projects), the winning prize is for EU teachers only. For teachers outside Europe, the winning prize (postal costs included) will be an astronomy book, titled “Learning Astronomy through Inquiry”.

** Teachers who registered and participated in the September 2025 Eratosthenes Experiment are also eligible to join the competition by submitting one photo (that was taken either during September 2025 or March 2026).
